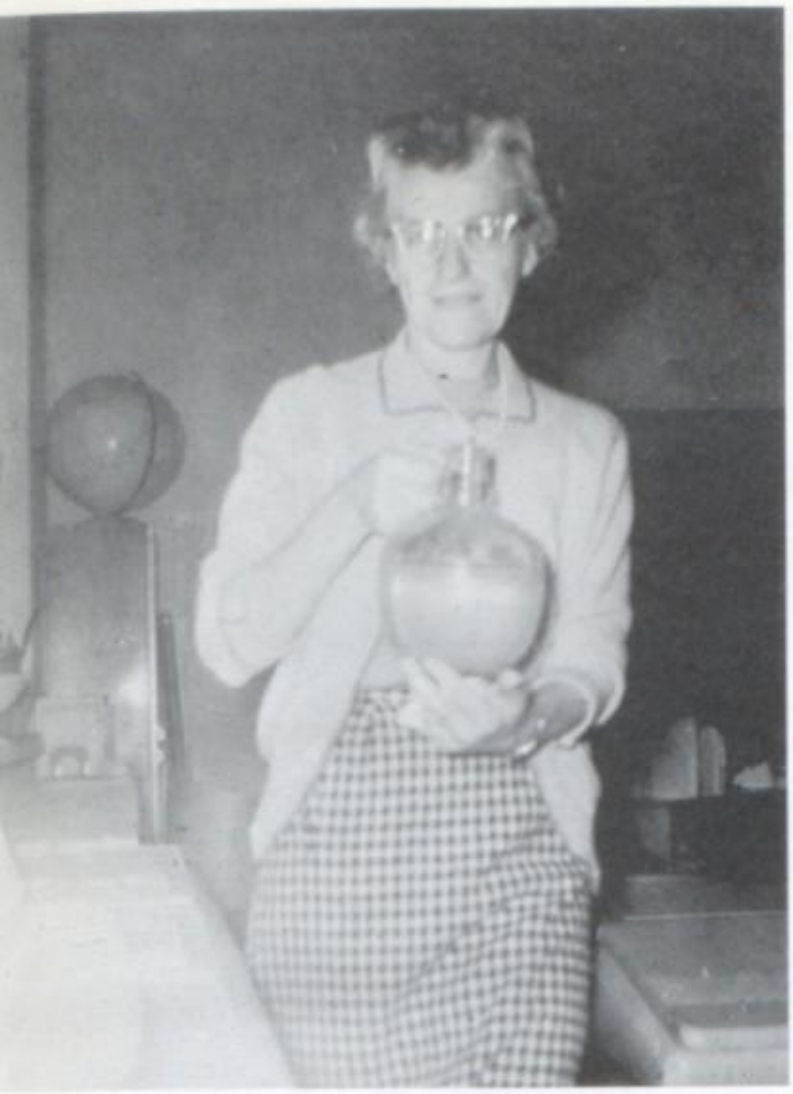
Art Work — Mrs. Sam Bright

Jraan High School
Jraan, Texas

Mrs. Evelyn McCarver



An afternoon chore for Mrs. McCarver is watering her plants.

Dear Mrs. McCarver,

Because of your undying faith in your profession and your years of service to the Iraan Schools, the Rimrock Staff of Iraan High School takes great pleasure in dedicating the 1963-64 Rimrock to you.

No tribute can be lasting or even outstanding enough to fully repay you for the things you have taught each of the students who has passed through the door of your classroom. It is because of teachers such as you that the public education system of America will always be successful.

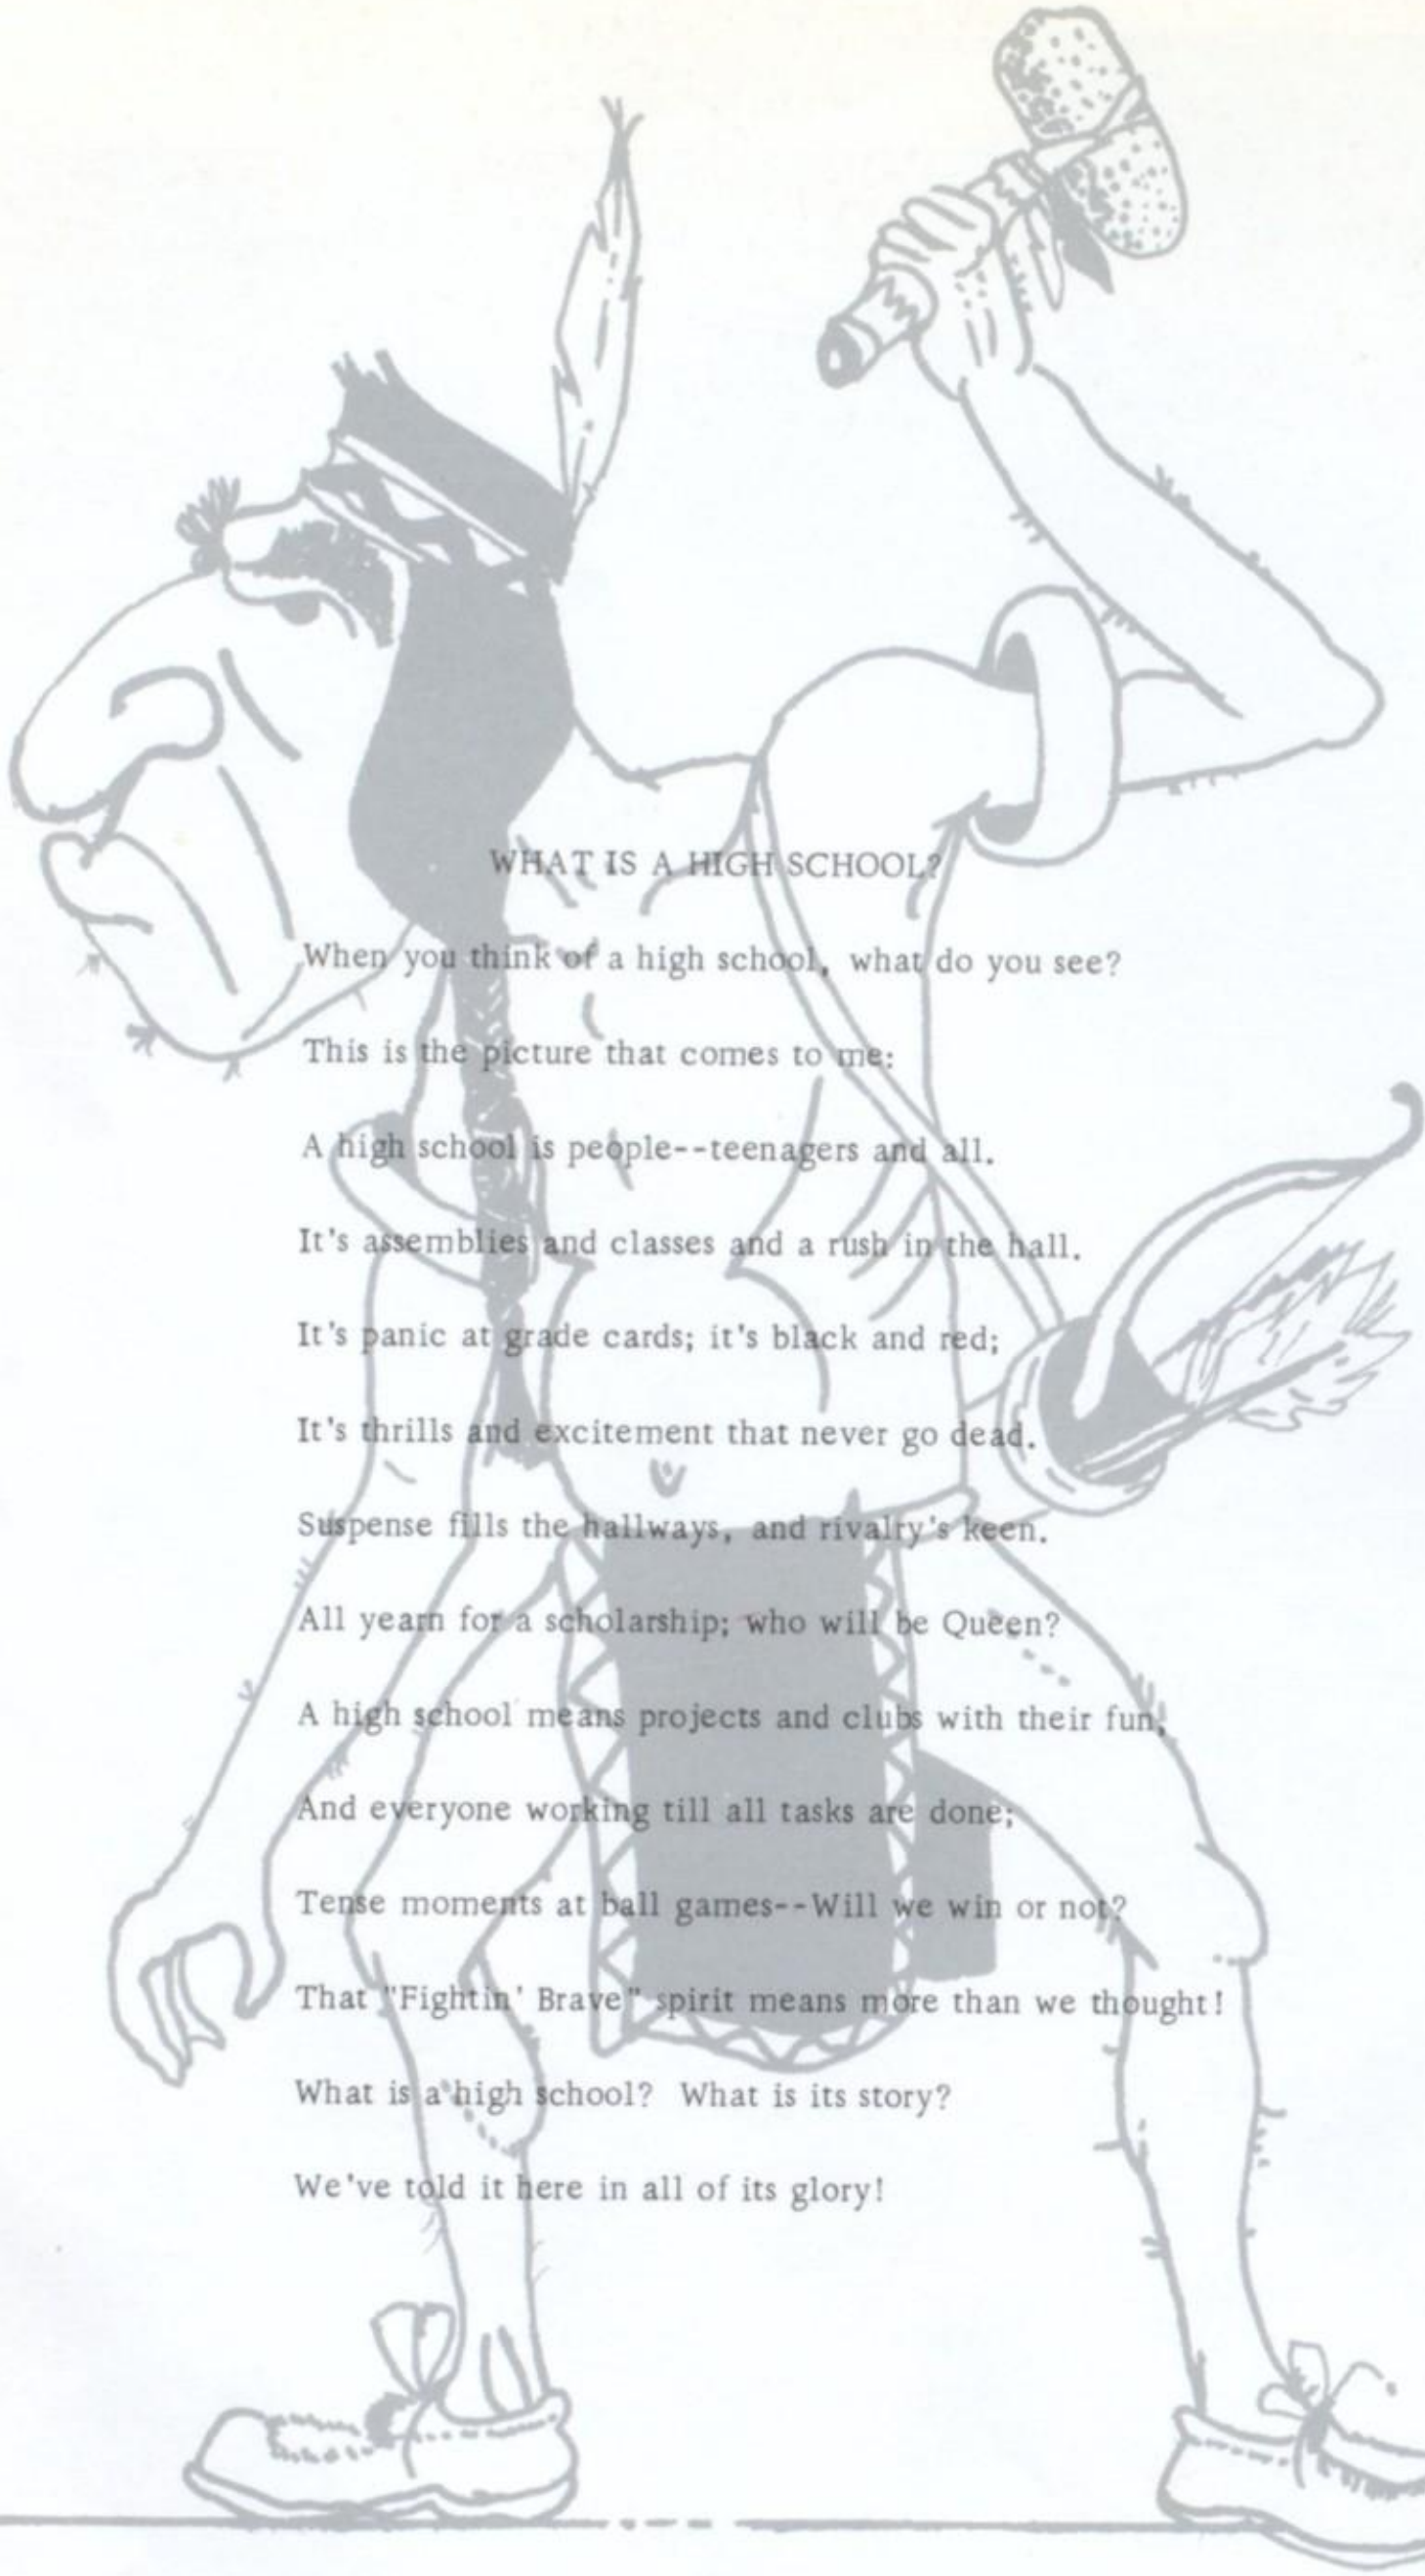
We sincerely hope that as you turn the pages of this book, you will recall many happy experiences.

Gratefully,

The Rimrock Staff

"We're going to 'Fist City' and there won't be anything left but me and a a greasy spot."

Mrs. McCarver collects papers to check at home.



WHAT IS A HIGH SCHOOL?

When you think of a high school, what do you see?

This is the picture that comes to me:

A high school is people--teenagers and all.

It's assemblies and classes and a rush in the hall.

It's panic at grade cards; it's black and red;

It's thrills and excitement that never go dead.

Suspense fills the hallways, and rivalry's keen.

All yearn for a scholarship; who will be Queen?

A high school means projects and clubs with their fun;

And everyone working till all tasks are done;

Tense moments at ball games--Will we win or not?

That "Fightin' Brave" spirit means more than we thought!

What is a high school? What is its story?

We've told it here in all of its glory!

Four clear whistles ring through the fall air, a roll of the drums, and they're off. The sharp-looking, high-stepping members of the Iraan High School Band are marching down the field to the tune of some stirring march. With the coming of the New Year, one hears the strains of an overture or the intricate measures of a concert march, and the students are hard at work memorizing solos.

The band won a first place trophy for street marching at the Sul Ross College Band Day, Alpine, on October 5, 1963. On December 7, it won a First Division rating at the U.I.L. Marching Contest in Odessa.

Girls' Basketball

M. M. Skaggs

In 1963-'64 the girls of I.H.S. played basketball for the first time. The team was coached by Mr. M. M. Skaggs who showed great patience and understanding in training the girls for the first year of inter-school competition. Although they played few games and won even fewer, we are looking forward to next year knowing that this year's experience will prove profitable.

At the beginning of the year everyone at Iraan High School became aware of a new spirit of zeal and energy among our cheerleaders. It would not have been quite the same without their peppy "go's," "fights" and "Victories" at the pep rallies throughout the fall. During the winter their calls for scores echoed through the crowded gym at the basketball games. Truly, these five girls have done an outstanding job.

Junior High Cheerleaders

As grade school children, girls often dream of being cheerleaders. The earliest chance of fulfilling this dream is in Junior High School. Every year after the work, yelling, and voting of try-outs, five girls emerge victorious as the cheerleaders of Junior High School. Dreams fulfilled, these girls have the task of keeping the school spirit of their schoolmates high. The team may be a champion, it may not - but to these girls it was, is, and will always be - The Best.

Boys' P.E.

Basketball is not the only thing Junior High School boys play in P.E., but it is one of the favorite activities. They also play football for fun and for "keeps," practice track events, and do calisthenics. These pictures are of scenes typical of a day's activities in the gym.

Football Banquet — 1963

The football banquet was delicious and the Marathon Hall was beautifully decorated, Mexican style. It was staged under the direction of Mrs. Sonny Rowe, Mothers' Chairman. This picture, the only one we got, shows Mr. and Mrs. Watts and Mr. and Mrs. Armstrong at their table.

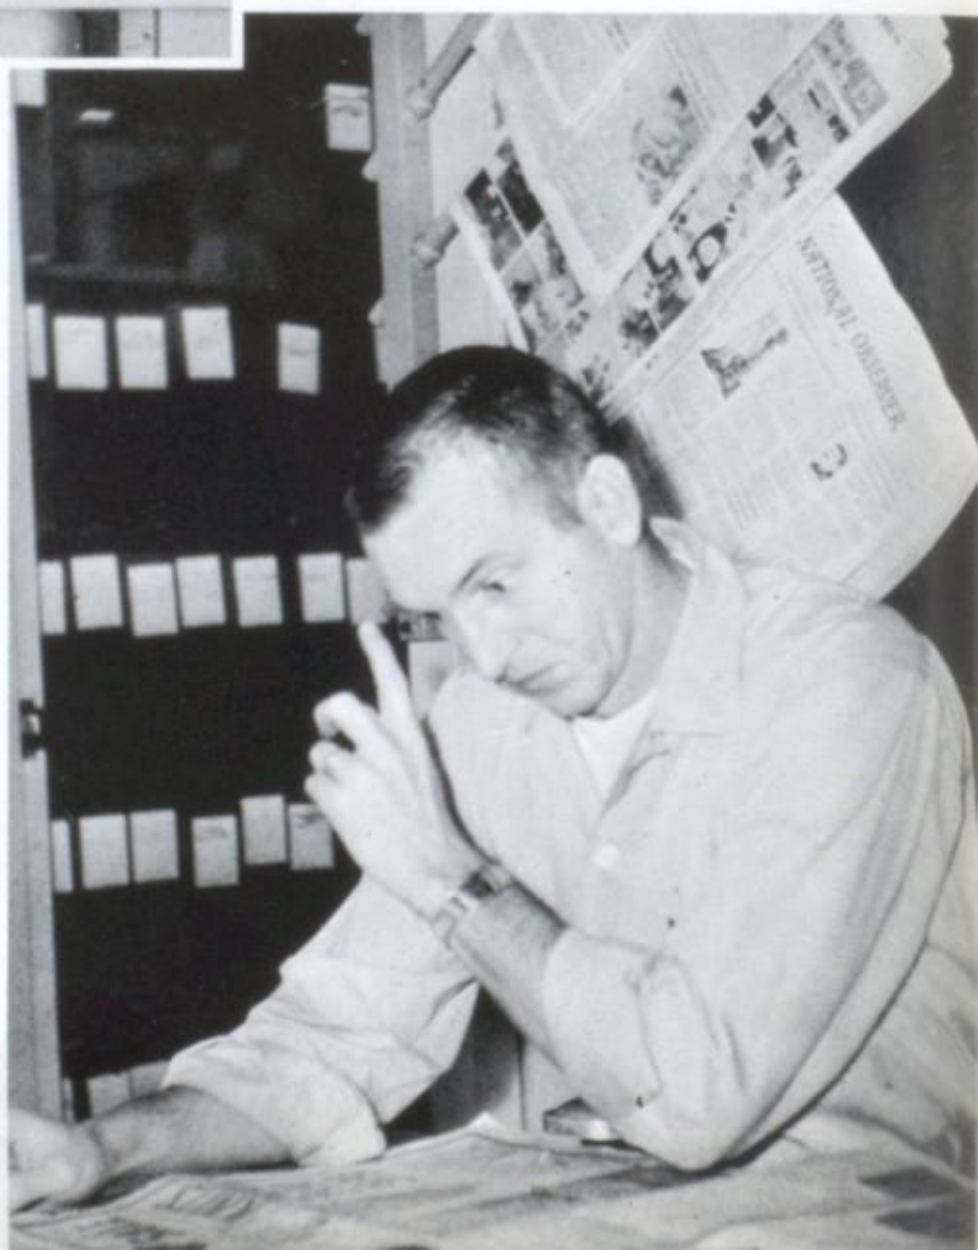
Mrs. W. C. Williamson

Mrs. Williamson spends hours at her desk planning work and checking papers. Rarely do we catch her relaxed as she appears here.

The photographer caught Mrs. Scallorn by surprise.

Mr. Dean scans the newspapers for events to add interest to his history classes.



While her class has a study period, Mrs. Hale works, too.

Mr. Jones is our newest teacher. He is shown in his science classroom. He is just as often found in a P.E. class or on the athletic field.

Seldom do we realize the responsibilities of our cafeteria workers. Therefore, we do not fully appreciate the lasting efforts of those who work to keep us strong and healthy throughout our school years. These skilled and capable women serve us good food and are always good-humored.

The sands of time may take from us the factual knowledge of algebra, chemistry or Spanish but we can never forget those who helped to make our school life pleasant.

During our school years we seldom pause to think about how well our school operates because of the efficient crew of maintenance men and bus drivers.

The 1964 Rimrock Staff wishes to express its appreciation to them for the excellent job they have done.
